

Birthday PARTY Studios

Create the birthday of your dreams.

Birthday parties, LCA style, inspire creativity and help instill an appreciation of art while the children have fun and make something wonderful to take home.

We provide first class art instruction and all materials in a professional art studio setting. Children will make one fabulous project based on the theme you have chosen.

They will then enjoy the birthday treats you have arranged for them.

Birthday Themes

Prima Ballerina:

This party will be based on the art of Edgar Degas and his beautiful depictions of ballerinas. Children will work with soft pastels and multi-media to create a take-home masterpiece.

Masquerade:

A colorful costume party is always a hit. Children will create and decorate their own masks for this fun and diverse birthday bash.

Far Out Tye-Dye Festival:

The groovin' music of the 60's sets the stage for T-shirt tye-dye fun. Come in your favorite 60's style clothes and have a far out time!

Creepy Crawly:

A bushel of bugs, slithering snakes and lurking lizards infest the studio as the children create cool critters in a variety of media.
